STILL IN DOUBTRETURNS FROM ONE-THIRD OF
PRECINCTS SHOW ROOSEVELT
IN LEA WITH MAJORITY OF
15,000.Harmon Seems to Have Best of
Contest With Wilson—Complete
Figures May Change Results in Both
Republican and Democratic
Camps—No Comment Yet From
Taft or Roosevelt.Columbus, Ohio, May 22.—With
little more than one-third of the
total vote in the state counted at
one o'clock this morning, Col.
Roosevelt's delegates on the Republi-
can ticket and Governor Harmon
on the Democratic preference ball-
lot Ohio's first presidential prefer-
ence primary. The fight on both
tickets was so close, however, that
complete returns may change final
results.Complete returns from slightly
less than 2,000 precincts of 5,192
in the state showed that Col. Roose-
velt's delegates had a lead of more
than 15,000 votes. Governor Har-
mon's lead over Woodrow Wilson
was considered less than this. The
closeness of this race with Wilson
was indicated by late reports from
Cincinnati, Governor Harmon's home
city. Here the Ohio governor who
had been well in the lead in the early
returns was shown to have 1,954
votes and Wilson 1,904 in 120 pre-
cincts out of a total of 361.It is stated that while Col. Roose-
velt had a lead of 15,000 in the total
number of votes cast for delegates
pledged to him, the vote by districts
would be such that he probably
would not have more than 26 of the
52 district delegates to the national
convention. But while the Demo-
cratic presidential vote was so close,
the result could not be foretold, the
indications were that Governor Har-
mon would have at least 22 or 24 of
the delegates to the national con-
vention. The privilege of naming the
six delegates at large of the state,
however is carried by the winner of
the presidential preference vote. Of
the congressional districts, Col.
Roosevelt apparently has won the
delegates in the fourth, sixth, ninth,
tenth, eleventh, twelfth, fourteenth,
fifteenth, seventeenth, eighteenth,
nineteenth, twentieth and twenty-
first districts.President Taft practically has been
granted the first, second, third prob-
ably the fifth, seventh, eighth and
thirteenth.The sixteenth district remained in
doubt. Roosevelt supporters claim
two or three in the districts listed
for Mr. Taft tonight.Senator LaFollette received con-
siderable support, particularly in
Cleveland and Toledo precincts,
where he was credited with several
thousand votes. In Wood county
near Toledo, Senator LaFollette ran
second to Col. Roosevelt.William Jennings Bryan and
Speaker Champ Clark, although
their names were not on the Demo-
cratic ballot received a scattering
vote in many precincts.It is doubtful if complete returns
from all sections of the state will be
in the hands of the election of-
ficials by noon today. In addition
to being slow, all reports indicate
that the rural vote was comparatively
small. Some of the cities also
reported that the poll was consid-
erably under registration figures.Columbus, O., May 22.—President
Taft's manager, L. C. Laylin was bit-
ter in his summary of the primary
result. He declared that "misrepresen-
tation and prejudice against
President Taft took early root in
Ohio," but a great change in favor
of Mr. Taft occurred in the last few
days, and "another week's delibera-
tions would have meant a sweeping
victory for the president. He ad-
mitted the possibility of Roosevelt
having a majority of district dele-
gates, but believed that Mr. Taft will
have the state convention and the
delegates at large.Walter Brown, chairman of the
state central committee and man-
ager of Mr. Roosevelt's state cam-
paign declared his belief that Col.
Roosevelt had swept everything but
a mere handful of country districts.
On the Democratic side, Governor
Harmon declined to make any
statement. However his managers
declared that the Ohio Democracy
had repudiated Mr. Bryan and
Woodrow Wilson by a vote of two
to one.In concluding their statements the
Harmon managers made the follow-
ing assertions."In reality the fight in Ohio was
between Wm. J. Bryan and Gover-
nor Harmon. The Nebraskaan, aided
by a number of others sought, by
every means known to modern polit-
ics to besmirch Governor Harmon's
reputation as man and governor. The
Clark men in Ohio also were sup-
porting the anti-Harmon delegates."The fight in Cleveland and in Cin-
cinnati, the two largest cities of the
commonwealth developed a heavy
vote and directly opposite results.BIG FINE FOR

Attorney Will Join in Efforts to
Punish Reckless Drivers.Chicago, May 21.—A chain of au-
tomobile accidents in the last week,
unprecedented in the history of Chi-
cago, has caused city and county of-
ficials to declare they will take drastic
measures to stop reckless driving.
Municipal Judge Gennill today start-
ed an active crusade against "speed-
ers" by assessing a fine of \$1,000
against George S. Scott, who was
driving an automobile that struck and
injured Anna Falkenberg, 14
years old. The charge was assault
with deadly weapon, a new ground
for the prosecution of automobile
drivers. County Prosecutor John E.
Wayman declared his intention to
take personal charge of all automo-
bile accidents that reach his office.
He declared himself in favor of an
amendment to the state law on speed-
ing, making it a criminal offense."It is as much of a crime to kill
a person with an automobile by crim-
inally carelessness as it is to commit
murder by shooting or stabbing," he
said.Mayor Harrison also joined in the
fight. In a message to the city coun-
cil he urged a revision of the city
ordinances regulating the speed of
automobiles. He followed this with
a letter to Municipal Judge Olson,
protesting against the release of
speeders by the city courts with
nominal fines.Cleveland gave Col. Roosevelt and
Woodrow Wilson sweeping pluralities
in the twentieth and twenty-first
congressional districts. It was a bad
day for "native sons," both Presi-
dent Taft and Governor Harmon be-
ing overwhelmingly defeated. In the
twenty-first district in the city prop-
er Col. Roosevelt received 13,658
votes, President Taft 6,968, Senator
LaFollette got 4,143. Here too, a
record vote was cast. The total for
Republicans and Democrats amount-
ed to more than 40,000.In the twentieth district the re-
turns at hand showed that Roose-
velt had defeated Taft 4 to 1. Here
also Senator LaFollette ran second
with a vote over Taft of 2 to 1.In both districts Governor Wilson
was given two votes to Governor
Harmon's one. The returns indicate
that the following have been nomi-
nated for congress in the districts
specified:Columbus, Ohio, May 21.—On the
face of the early return in Ohio's
first presidential preference primary
to day, Colonel Theodore Roosevelt
led the Republican ticket by three
to two over President Taft and Gov-
ernor Woodrow Wilson of New Jer-
sey's Harmon's one. The returns indicate
that the following have been nomi-
nated for congress in the districts
specified:These returns, however, were
given on a basis of complete figures
from little more than 250 precincts
out of a total of 5,192 precincts in
the state.Only on the Democratic ticket does
the count represent a direct presi-
dential preference vote. On the Republi-
can ticket, the vote computed is the
total number of ballots cast in the
precincts counted for delegates
to the national convention pledged
to Col. Roosevelt or Taft. It was
impossible from the early returns to
gather any indication of the number
of delegates either President Taft
or Col. Roosevelt have gained.President Taft appeared to have
carried Cincinnati by a large mar-
gin, but a great change in favor
of Mr. Taft occurred in the last few
days, and "another week's delibera-
tions would have meant a sweeping
victory for the president. He ad-
mitted the possibility of Roosevelt
having a majority of district dele-
gates, but believed that Mr. Taft will

though the president was there in

mon. Here also Representative Long-

Chairmanship—Suggests That Con-

Senator Root if Progressives Are
in Majority.Oyster Bay, N. Y., May 21.—Col.
Roosevelt was advised of the returns
in the Ohio contest up until about
11 o'clock tonight, showing at that
hour a lead in his favor, but he de-
clined to comment on the returns un-
til the result was definitely known.
In regard to the selection of a
temporary presiding officer of the
Republican national convention, for
which position Elihu Root was named
yesterday, Col. Roosevelt issued the
following statement:"If the progressives, as now seems
probable, have a substantial major-
ity at the Chicago convention, I as-
sume that they will wish every man
who speaks for the convention to be
a thorough sympathizer with their
principles and with the cause for
which they stand.""The temporary chairman has for
almost his sole function the delivery
of a speech, which is supposed to
strike the keynote of the situation or
at least to give forceful expression
to the convictions and purposes of a
majority of the convention. Unless
the national committee names a man
whom the convention is willing to
accept as its spokesman, the conven-
tion will, I assume, substitute its
own choice.""This was done in the convention
of 1884, of which I was a member,
when the national committee named
as temporary chairman, Mr. Powell
Clayton, and we of the convention
constituted for him Mr. Lynch."DIXON CLAIMS
OHIO BY 50,000Roosevelt's Manager Says He Will
Be Nominated on First Ballot.Washington, May 21.—At mid-
night Senator Dixon issued a state-
ment from the Roosevelt national
headquarters estimating Roosevelt's
majority in Ohio at 50,000 and de-
claring the colonel will have 14 of
the 48 delegates from that state.
Senator Dixon also predicted that
Roosevelt will be nominated at Chi-
cago on the first ballot and elected
in November.No statement was issued by the
Taft managers to night. It was
stated at the president's headquar-
ters that more complete returns
would be awaited before comment
would be made. Both headquarters
are besieged by members of con-
gress and political leaders to night
for news of the Ohio fight.

NEW BRANCH LINES.

Will Enter Springfield and Peo-
ria.Chicago, May 21.—Plans have
been prepared by the management
of the St. Louis & San Francisco
Railroad company for the construc-
tion of branch lines touching
Springfield and Peoria, Ill. Work
already has started on the Peoria
branch. It is said to be the tentative
plan to enter Peoria from the south,
via Springfield. That is 63 miles
from Peoria. The nearest point
"springfield of the Chicago-St. Louis
line of the Chicago & Eastern Illi-
nois road is thirty-five miles dis-
tant."

NO VOTE; NO TAXES PAID.

Chicago, May 21.—Miss Belle
Squire, president of the "No Vote,
No Tax" league, to day refused to
fill out a personal property tax
schedule. Instead she wrote a letter
in a blank space of the schedule
and mailed it to the assessor. Miss
Squire told the assessor that so long
as she was denied the right of citi-
zenship on account of her sex, just
so long would she "absolutely refuse
to aid or support the government
that dishonors and demeans my
womanhood."

DISLODGING REBELS.

Mexico City, May 21.—The cavalry
and vanguard of General Huertas
division was on the heights of Asun-
sol, five miles north of Escalon to-
day, fighting the advance guard of
Orozco's army according to informa-
tion obtained from Madero today.
The rebels he said were being dis-
lodged.

WON IN THE NINTH.

Chicago, May 21.—Players from
the University of Illinois won a
ninth inning victory over the Uni-
versity of Chicago baseball team to-
day 7 to 6. At the end of the fifth
inning the score was 5 to 0 in favor
of Chicago. Pood fielding in the last
four innings decided the contest.

TO POSTPONE VOTE

Plans on Foot to Delay Lorimer
Election Case.Washington, May 21.—Amid specu-
lation in the city today regarding
the probable disposition of the Lor-
imer election case there were reports
of plans for a determined effort to
postpone the vote until the next ses-
sion of congress. Such a move would
be warmly fought by anti-Lorimer
senators. A probable delay for a
time at least, was foreshadowed by
developments growing out of Sen-
ator Lorimer's illness in Chicago. He
telegraphed an appeal to have the
determination for a date for a vote
deferred until he could reach Wash-
ington, coupling that with the state-
ment that his physician would not
agree to him leaving home at this
time.Senator Lorimer is recovering from
combined grippe and bronchitis, with
a heart irregularity that has caused
some concern among his friends. His
physician, Dr. S. R. Slaymaker, has
told some of the senator's friends
that Mr. Lorimer might be able to
leave his home within a month.Senator Lea of Tennessee, repre-
senting the anti-Lorimer forces, ex-
pected to bring up the case in the
senate today in an effort to secure
an agreement to a vote, but did not
find an opportunity.

A. J. & P. STOCK GIFTS.

Alton Probe Shows Several Received
Big Amounts in Railroad.At the investigation of the Alton,
Jacksonville and Peoria railroad,
finances being conducted at Alton,
Ill., it has developed the company
stock was given away in big blocks
to men who merely signed indorse-
ments of the company's paper. One-
seventh of the capital stock of the
company, it was testified, was pre-
sented to a few men. There was
testimony C. H. Seneca received \$27-
500; William C. Fordyce of the
Commonwealth Trust company,
\$3500; A. J. Davis, \$12,325; Cary
N. Weisiger, \$10,000; E. M. Davis
\$26,650. The total of the gifts of
capital stock exceeded \$80,000, it
was testified. Others who had long
been with the railroad and who are
on notes given for the company ag-
gregating \$30,000, received no gifts
of stock.To investigate other angles of the
case, the litigants have pooled the
expense of engaging another lawyer
who will devote his full time to
making investigations, and it is said
by some of those interested that any
irregular features, which appear,
will be thoroughly examined by the
additional lawyer.TO INVESTIGATE EM-
PLOYMENT AGENCIES.Chicago, May 21.—The Illinois
state free employment bureau
through its general superintendent,
William C. Runden, is investigating
Chicago employment agencies to de-
termine if some of them are "white
slave" clearing houses in disguise.
The determination of the state
board was reached at a meeting to-
day after revoking the license of Mrs.
Michalina Sawicka, for sending two
girls, Mary Greske, and Jennie La-
rek, to a cafe and resort to work.The girls came to Chicago two
weeks ago and were referred to the
Sawicka agency, they remained at
the cafe for eight days. Their meals
were sent to their rooms. They be-
came suspicious and refused wine.
Friends rescued them unharmed.

ABANDONMENT OF CHURCHES.

Elgin, Ill., May 21.—The fact that
many Congregational churches in Illi-
nois are being abandoned was dis-
cussed at today's session here of the
sixty-ninth annual meeting of the
Congregational conference of Illinois.
Lack of ministers and of aid from
the conference were given as the rea-
sons for the abandonment.Fashionably dressed women mem-
bers of city churches were blamed
for the diminishing of small "country"
congregations, by their visits to
the latter's social functions. Lack
of fellowship among members of the
denominations was also cited as a
barrier against the expansion of Con-
gregationalism. The conference con-
cludes Thursday night.

VETERANS OF SOUTH BEND.

South Bend, Ind., May 21.—Civil
war veterans by the thousands and
other visitors in large numbers are
here to attend the annual encamp-
ment of the G. A. R. department of
Indiana, which began today, and is
to continue until Friday. Despite
the fact that the soldiers are so
rapidly lessening in numbers, the
encampment promises to be one of
the most successful ever held in this
state. Annual meetings are being
held also by the several auxiliary
societies. The annual parade will be
held tomorrow and such evening
events as the Ohio presidential
preference primary tonight. He left
for Minneapolis at midnight.TWO NEW BISHOPS

election of two men on this ballot
came as somewhat of a surprise. Im-
mediately after the announcing of
the result another ballot was taken,
to be announced when the conference
meets tomorrow morning.Dr. Homer Stuart of New York was elect-
ed on the first ballot, making three
chosen of the eight to be elected.Dr. R. E. Jones (negro), of New
Orleans, who received 194 votes on
the last ballot, withdrew his name
at the session tonight.Dr. Henderson is 44 years old and
at the present time is the youngest
member of the board of bishops. He
is a graduate of Wesleyan university
in Connecticut and drew Theological
seminary, and is pastor of the Hansen
Place church, Brooklyn, N. Y.Dr. Shepard is a graduate of De-
Paul university, has been prominent

bishops of the Methodist Episcopal
conference elected on the eleventh
ballot, the result of which was an-
nounced tonight. Dr. T. S. Hender-
son received 562 and Dr. Shepard
522. Necessary to elect 524.Minneapolis, Minn., May 21.—
Delegates to the general conference
of the Methodist Episcopal church
still are deadlocked on the election
of a second of the eight men who,
the conference has decreed, shall
be added to the board of bishops at
the present session.Dr. T. S. Henderson of Brooklyn,
N. Y., on the tenth ballot, the re-
sult of which was announced late
this afternoon, remained high man
with a total of 500 votes out of 520
necessary to elect. Just prior to the
taking of the eleventh ballot, the
name of Dr. J. Stansfield of In-
dianapolis, who had received 104
votes on the tenth ballot was with-
drawn.Second and third places were held
by W. O. Shepard of Chicago and N.
L. Luck of Kansas City, Mo., with
446 and 363 votes respectively.The evening session of the confer-
ence was given over to the report
of the board of conference claim-
ants. Among those who made ad-
dresses were:Marvin Campbell, South Bend,
Ind.; H. R. Hayner, Marengo, Iowa
and J. W. Fairclough, Decatur, Ill.According to the report made to-
night the board has financed itself,
is out of debt, has made a small be-
ginning of its permanent fund and
has sent back \$95,000 to the con-
ferences for needy causes.BAPTISTS TO MEET

ing of that organization tonight.The Rev. J. H. Franklin of Colo-
rado Springs, corresponding secre-
tary and Wm. E. Lincoln, a layman
of Pittsburgh, Pa., treasurer of the
Northern Baptist conference an-
nounced their resignations to the ex-
ecutive committee tonight. Rev. Mr.
Franklin has resigned his pulpit in
Colorado Springs to accept the po-
sition of secretary for the American
Baptist foreign missionary society.
His headquarters will be in Boston.
Mr. Lincoln asked to be relieved of
his official church duties because of
the press of business.

BEN HUR HOME DEDICATED.

Crawfordsville, Ind., May 21.—
The new headquarters building of
the Supreme Tribe of Ben Hur, a

Los Angeles.Chicago, May 21.—Do doubt re-
mains in the minds of the Chicago
police tonight that C. C. Dillon, who
was killed by a train in a suburb last
Saturday, was the slayer of the Los
Angeles murder victim and that Miss
Minnie Quinn, a former Chicago do-
mestic, was the slain woman.Important developments in the
case today follow:

A trunk which relatives of Miss

Quinn told the police belonged to
her, was found in Dillon's home. The
travelling bag he carried back from
Los Angeles also was identified as
Miss Quinn's.Railroad employes told detectives
that Miss Quinn and Dillon boarded
a Chicago, Rock Island & Pacific
train in Chicago for Los Angeles on
the night of April 15.Mrs. Dillon admitted that her hus-
band, on his return from California,
gave her a diamond ring, a woman's
watch and a gold bracelet.She turned them over to John Ad-
cock of Richmond, Va., a cousin of
Dillon, who is now taking Dillon's
body to that city. The police tele-
graphed Adcock in an effort to re-
cover the jewelry.

Miss Quinn is known to have had

a diamond and a gold watch. A sec-
ond trunk found in Dillon's home
and which is said to have been ship-
ped to Los Angeles with Miss Quinn's
trunk on April 15, contained a pair
of shoes believed to have belonged to
her.Mrs. Joseph Barclay reported that
Dillon and Miss Quinn lived at her
home from January 20 to March 30,
1912, as man and wife. During that
time Miss Quinn wore a wedding
ring, said Mrs. Barclay.

INDICTMENT DISMISSED.

Emmet Flood Not To Be Tried For Al-
leged Conspiracy Against Non-
Union Buttock Workers.Davenport, Iowa, May 21.—The
indictment charging Emmett T.
Flood, national organizer of the
American Federation of Labor, with
conspiracy against non-union button
workers during the strike at Musca-
tine was dismissed today.Following adjournment late to-
day in the trial of Clayton Rowland,
who is the second of the fourteen
union men to be placed on trial,
County Attorney Thompson of Mus-
catine, announced that the indict-
ment against Flood had been dis-
missed, because there was not suf-
ficient evidence. Flood was charged
in the indictment with being one of
the principal directors of the bomb
throwers. The jury for the trial of
Rowland was completed just before
adjournment. If Rowland is acquit-
ted it is said the indictments
against the other union men also
will be dismissed.

THREE BODIES RECOVERED.

Chicago, May 21.—Of the five
persons who were drowned when an
automobile plunged into the Calumet
at Ninety-second street, Monday
morning, the bodies of three have
been recovered. The body of Flor-
ence Mahoney was taken from the
river to day. Those of her sister,
Annie Mahoney and John L. Boyd
were recovered yesterday. Two
other victims, John W. Buchanan,
a chauffeur and a man thought to be
Charles Runick, a garage employee,
still are in the water.

FOLLOW OHIO ELECTION

Taft Cast Ballot.

Cincinnati, Ohio, May 21.—The
original plan of President Taft to
vote before noon was changed and
he did not cast his ballot until just
before it was time for him to catch
the train for Washington. The
president went in an automobile di-
rect from the residence of Charles
P. Taft to the polling place. After
he had deposited his ballot in the
box, he re-entered the automobile
and was taken to the train, which
departed at 3 p. m.BIG IRRIGATION PROJECT
STARTED.Helena, Mont., May 21.—The first
practical step towards the comple-
tion of the great Milk river irriga-
tion project was taken today, when
bids were opened for the construc-
tion of the Dodson canal, which is
to be an important feature of the
undertaking. The project, which
completed will cost \$7,000,000. It
involves the construction of a 500-
mile ditch and a twenty-seven-mile
canal, and will result in the reclama-
tion of 250,000 acres of land.

TUBERCULOSIS INFIRMARY OPENED.

The first clinic was conducted Tuesday at the tuberculosis infirmary, which has been opened in the Unity building by the Morgan County Anti-Tuberculosis society. Two cases were examined by physicians at the rooms and Miss Geneva Morrison, the nurse, made five or six calls, giving advice and instruction to the sick and their families as how to contend with the disease and prevent its being transferred to others. Clinics will be conducted on Tuesdays from 10 to 11 o'clock and on Fridays from 4 to 5 o'clock. As the society is doing this with no end in view other than the good of the community, it is to be hoped that people will take advantage of the opportunity afforded. Drs. Hardesty, Woltman and Cole conducted the examinations Tuesday but all physicians of the city are invited to take part in this good work.

Dr. and Mrs. Albert Kennedy of Modesto were visitors Monday at the home of Dr. and Mrs. G. R. Bradley of West College avenue. LEAVE YOUR ORDER FOR DRESS HATS AT HERMAN'S.

RED MEN RE-ELECT JOS. F. BRENNAN

Chosen Great Keeper of Wampum at Springfield—Gov. Deneen initiated With 100 Pale Faces.

Springfield, Ill., May 21.—The election of officers by the great council of Illinois of the Improved Order of Red Men and the degree of Pocahontas resulted as follows:

Great Prophet—William B. MacFarren of Chicago.
Great Sachem—Henry C. Stuttle of Litchfield.
Great Senior Sagamore—A. L. Somers of Westville.
Great Junior Sagamore—W. E. Stone of Mason City.
Great Keeper of Records—O. L. Whitner of Edinburg, (re-elected).
Great Keeper of Wampum—Joseph F. Brennan of Jacksonville (re-elected).

Great Representatives to the Great Council of the United States to be held at Charleston, S. C. in September—W. D. Newton of Bloomington.

Joseph F. Brennan.

Geo. W. Thompson of Moline; Frank C. Smith of East St. Louis and Dr. Charles F. Wakeford of Norris City.

Governor Deneen is now a Red Man, having been initiated into the order at the initiatory session held this evening. A special class of one hundred candidates were given the degrees by the degree team of Delaware Tribe No. 78 of Jacksonville.

The afternoon session was opened by addresses of welcome by Governor Deneen on behalf of the state of Illinois and Mayor John S. Schnepf on behalf of the city of Springfield. Responses were made by Great Sachem William B. MacFarren of Chicago and Great Senior Sagamore Harry C. Stuttle of Litchfield.

The local delegation numbering one hundred, including the Delaware degree team, left this city Tuesday afternoon at 2 o'clock on a special train for Wabash for Springfield to attend the Great Council meeting. Terrence Brennan and Edward Brown members of the degree team went on an earlier train Tuesday taking with them the scenery and paraphernalia which they put up in the Armory Tuesday afternoon in order to be ready for the work of conferring the degrees on the class of one hundred candidates last night. The men are working hard and exerting every effort to secure the great council of 1913 for this city, and are quite confident of being successful. They returned to this city this morning about 2 o'clock.

D. O. K. K. TO SPRINGFIELD.

Local Drill Team Will Take Part in Ceremonial at Capital City To Night.

Accompanied by a large number of members of the lodge, the drill team of Hieron Temple, D. O. K. K. will go to Springfield this evening, where they will take part in a parade and give the work to a class of candidates at a ceremonial to be held this evening by Medinah Temple.

They will leave this city this evening in a special car attached to the Wabash train, which leaves here at 6:19 o'clock. As they will not arrive in Springfield in time to permit the members of team to don their uniforms there, the team men will meet at the local temple this afternoon at 2:30 o'clock, when they will dress in their uniforms and march to the Wabash depot. The members of the team are: William Ricks, Otis Erney, Edward Laboyteaux, Bascom Blair, Jewel Scott, John S. Sheppard, John Kastrup, Watson Leck, M. R. Gates, L. B. Turner, Charles L. Carpenter, Henry Helm, Capt. McCarthy, William A. Fay, Ernest Stout, James Pyatt, Charles Reinhardt, Fred Hopper, Charles Hopper and Ray Hartman. They will return on the regular train Thursday morning.

GREAT PICTURE TO DAY.

"The Coming of Columbus," the greatest of picture reels will be shown this afternoon and night at the Grand. Mr. Hunt will have a lot of school children as guests this afternoon, as he has given five free tickets to the teacher of each grade in the public schools. This great picture has everywhere had the most animated praise and has attracted great audiences of picture lovers.

WILL GIVE RECITALS.

Pupils in the intermediate department at the College of Music will give recitals at 4:15 and at 8:30 o'clock Friday in Music hall. The public is invited.

REUNION OF CLASSES.

The members of the classes of '02, '03, '04 and '05 of Illinois college will hold their reunion at the time of the regular commencement luncheon. They will have a special table to themselves, although all who attend the luncheon of the college will be under one roof. The classes will hold a business meeting immediately after the meal.

CAMPAIGN MEETING WITH SUCCESS

Several Large Amounts Secured by Father Crowe for Rount College Endowment Fund.

In his campaign for increasing the endowment fund of Rount college, the Very Rev. J. W. Crowe has been meeting with marked success, and although he would give out nothing definite regarding the progress of the campaign for publication he said that he had received several large amounts. It is the plan of Father Crowe to raise enough money in cash and pledges by commencement time this year to bring the total endowment fund of the college to \$100,000. He has stated that he was greatly pleased with the manner in which the friends of the college are responding and he is fully confident of securing the desired amount in the time specified.

Since its founding in 1902 this college has steadily grown and the present school building is becoming more crowded each year and judging from its growth in the past few years it will be only a comparatively short time before new buildings and equipment will have to be added. The property south of the school building to East College avenue has been added to the present grounds and Father Crowe commenced the present campaign to meet the requirements of the school.

A SLENDID ASSORTMENT OF NORFOLK SITS JUST RECEIVED AT HEIMAN'S.

JEWISH FEAST.

Last night at sunset began the Jewish Pentecost or Feast of Weeks. The festival is also styled in the Bible, "The Harvest Feast," and "The Day of First Fruits." (Numbers XXVIII, 26.)

In Biblical times the feast was agricultural in character. With it began the period, extending over the whole summer, during which the Israelite fulfilled the command enjoining him to bring his first ripe fruits of every kind to the temple in Jerusalem as an offering to God.

Pentecost is an historic as well as agricultural feast. In the church its significance has been extended to include a memorial of the Revelation of the Law of Mt. Sinai. The festival has thus come to be the birthday of Israel's religion. It was at the Pentecost that the child was solemnly taken by his parents to school for the first time, for the school was looked upon as a second Mt. Sinai and the day on which the child entered it as the Feast of Revelation.

Hence it is that in those congregations which have adopted the confirmation the ceremony takes place on Pentecost. In accordance with old usages the temple is decorated with flowers, expressive of joy and gratitude, even as the first fruits witness to similar feelings in the Israelite of old. The vines and blossoms are regarded as the type of religion, lovely like the flowers, at once invaluable and real like their perfume.

REV. H. S. LONGLEY

CHOOSE BISHOP.
Davenport, Iowa, May 21.—Rev. H. S. Longley, of Evanston, Ill., was elected on the sixth ballot suffragan bishop of the Episcopal diocese of Iowa at to day's session of the church's sixtieth annual convention. He will assist Bishop Morrison of Davenport in the administration of the Iowa diocese, but will not have the right of succession without election should his superior die.

NO SIGNS OF WEALTH.

Chicago, May 21.—Henry Spruck van Armenthal, who committed suicide in a Chicago hotel on Sunday, probably was not as wealthy as he was at first reported. At a coroner's inquest to day, his effects were examined and no indications of his being possessed of much money were found. One draft on which payment had been refused was among his papers.

WILL EXTRADITE SUSPECTS.

Chicago, May 21.—Chicago police have decided to ask the extradition of a woman and three men who are under arrest in St. Louis on charges implicating them with crimes here. Stanislaw Plawinski, Popolite expires March 3, next.

GROCERY BULLETIN

Kellogg's Protose

Kellogg's Protose, made famous by its use in the Battle Creek Sanitarium, supplies all the good that meat contains without furnishing the bad. It tastes, smells, looks like meat—has a similar fibre, is more delicious.

It is easily digested—imposes no tax on the liver and kidneys, and helps make healthy, rich, red blood and strong durable tissues. 20 and 30c cans, key opener.

Laxative Biscuit

BROOKLYN NOTES.

Tonight at the prayer meeting the Ladies' Aid society will have charge. There will be special music and different members will take part in the service. The meeting will be held in the main auditorium and a large attendance is expected.

The members of the Young Hickory club, under the direction of Mrs. W. P. Duncan, have cleaned up the church yard, planted flower seeds against the south walls, grass over the bare spots and moon vines over the entrance.

The first public program of the South Side group will be given Thursday afternoon from 3 to 5 o'clock at the home of Mrs. W. R. Moody, 1006 South Main street. Vocal solos will be given by Miss Joy White, readings by Miss Minnie Aikire and a violin solo by Miss Bessie Read. A committee, composed of Misses Robertine Angelo, Mabel Schofield, Margaret Becker, Catharine Milburn and Ina Kelley, will serve delicious refreshments. A small silver offering will be taken at the door and everybody is invited.

Rev. J. N. Strain of Afton, Ia., assisted in the service of Sunday evening, reading the scripture and offering prayer.

CLASS PICTURE TAKEN.

L. Roy Branom, principal, and Miss Maude Hulce, assistant principal, of the Franklin school, were in the city Tuesday and a picture of the graduating class was taken, the members of the class being, Ona May Perkins, Mae Elizabeth Douglas, Eunice Claire Woods, Armeta Grace Brown, James Miller Keplinger, George Leonard Hills, George Samuel Hart, Miss Mary Wright, the primary teacher was among the visitors. The school at Franklin has enjoyed a very successful year and Principal Branom is very proud of his class.

HELD REGULAR MEETING.

The regular meeting of the Young Ladies' Missionary Band of Northminster church was held Tuesday evening in the community rooms of the church. A brief program was given and routine business was transacted.

GAVE ICE CREAM SUPPER.

The boys of the Sunday school class of Northminster church, taught by Miss Anna Day, gave a very successful ice-cream social Tuesday evening at the Second ward school. Several dollars were realized for the class.

Howard Jameson, who is employed by the Harley-Davidson company at their factory in Milwaukee, Wis., left last night for that place, after a brief visit with relatives. Mr. Jameson is thinking of taking the course in aviation which is offered in that city.

WILL TAKE HIKE.

Several boys of the Y. M. C. A. are planning to spend a day in the country Saturday. Those who wish to take this trip are asked to be at the association building by 8:30 o'clock, equipped with fishing tackle, baseball bats or whatever else they think they can use to advantage. They will take their dinners with them.

Paul Hansen of the state water survey was in the city Tuesday for a short hour. He expects to return to the city in a few days to continue the investigation of the local water

ASSOCIATED CHARITIES' DIRECTORS MET

Interesting Report of the Work Was Made By Miss Weller.

The board of directors of the Associated Charities met Tuesday afternoon in their rooms in Unity building, with eight directors present. Miss Weller the superintendent made a most interesting report of work done recently. As the weather becomes warmer, applications for fuel and food and clothing decrease and those coming for help are now principally aged and sick. The boy reported at the last meeting as being mistreated in his foster home was placed by authority of the court in the Whitehall orphanage and later a good home was found for him. A report which interested the board was to the effect that a widow of six months and her family of six children have recently been removed from our care by the effort of one man—a new husband and father. Another interesting thing reported was the hearty expressed gratitude of a man whose family had been cared for through a time of quarantine when he was not allowed to work and he expressed the hope that he might some time repay the money spent for them.

Miss Weller also spoke of a recent call she had had from Mrs. Holder by with her husband—former coach at Illinois college is now at the school for delinquent boys at St. Charles. She wished Miss Weller to know how well the Jacksonville boys are doing who have been sent there, and spoke of the fine progress they are making in various ways.

Reference was made to the national conference of charities which meets in Cleveland June 7-14 and to the state conference of charities to meet in Springfield in October.

NOTICE TO MY PATRONS.

I have this day transferred my retail milk business to the Jacksonville Creamery Co., who will collect for all milk delivered on and after this date. Thanking you for past favors and hoping you will find your business relations mutually agreeable with the new company. I remain as ever yours, William Spaulding.

One Thousand Physicians and Surgeons Are in Springfield — Program For Today and Thursday.

Springfield, May 21.—At 1:30 o'clock this afternoon, fully 500 visiting members of the Illinois State Medical society were received at the new Leland hotel by members of the Sangamon County Medical society and the fifty-second annual convention of the state organization was officially opened. Throughout the morning large numbers of representatives to the assemblage came into the city and it is estimated that fully 1,000 prominent physicians and surgeons will be present during the convention. The sessions, commencing today will endure through Thursday of this week.

Following the reception in the new Leland hotel the local delegation led the visiting doctors to Ferguson hall in the Y. M. C. A. building, where, shortly after 2 o'clock President W. K. Newcomb of Champaign, head of the state medical organization, officially opened the convention.

Invocation was given by Rev. E. B. Rogers following which Hon. L. Y. Sherman gave the address of welcome. Dr. S. E. Munson, president of the Sangamon county association delivered an address of welcome from the local profession and President Newcomb made the response on behalf of the society.

A report and announcement of the program for the convention was then made by Dr. George N. Kreider, chairman of the committee on arrangements. The program as announced by R. D. Kreider for Wednesday and Thursday follows:

Wednesday Morning.
8:00—Call to order of sections one and two, in the Y. M. C. A. building and the section of ear, nose and throat at Leland hotel, for the reading and discussion of papers of the program.

Wednesday Evening.
8:00—Vaudeville entertainment at the Majestic theater, to be followed at 10 o'clock by a reception to the president and luncheon at the new Leland hotel sun parlor, followed by dance in the large ball room.

Thursday Morning.
8:00—Reconvening for continuation of the scientific program. Professor S. A. Knopf of New York city will hold a clinic on "The Physical Means of the Early Recognition of Pulmonary Tuberculosis."

Reception, followed by a luncheon at noon will be given for the ladies at the Leland country club.

Thursday Afternoon.
2:00—The president's address, "The Physician Considered From an Economic Standpoint."

Oration on Medicine, Some Modern Medico-Sociological Conceptions of the Alcohol, Venereal Diseases Tuberculosis Problems," by S. A. Knopf of New York city.

Oration on surgery, "Essential Factors in the Development of Surgery," by Dr. Dudley P. Allen of Cleveland, O.

Reconvening in general session to receive the report of the house of delegates.

ARCHBOLD'S CASE.

Railroad Officials Testified Before Committee About Jurist's Alleged Interest in Coal Bill.

Washington, May 21.—Officials of coal companies affiliated with railroads today testified before the house judiciary committee investigating charges against Judge Robert W. Archbold of the commerce court relating to interviews the jurist had obtained with them about coal deals.

George F. Baer and W. J. Richards of the Philadelphia & Reading Coal and Iron company, Fred W. Jones, connected with the Delaware and Hudson Coal department, and S. D. Warriner, of the Lehigh Valley Coal company, were among those witnesses.

All but Mr. Baer told of interviews with the jurist. The testimony related largely to Judge Archbold's alleged interest in a coal bill at Pittsburg.

ROBERTS WITNESS IN STEEL PROBE.

Testifies About American Bridge Co. — Says Morgan Secured Control by Simple Offer of Exchange of Stocks.

New York, May 21.—Percival Roberts, Jr., director of the United States Steel corporation, a member of its finance committee and a defendant in the government suit to dissolve the corporation under the Sherman anti-trust act, testified concerning the organization of the American Bridge company at the hearing today.

Mr. Roberts denied the company was originally organized for the purpose of monopolizing the steel industry. He said that in 1900 the company's output amounted to 38 per cent of the total of the country, an ideal a year ago this had fallen to 22 per cent. The company now owns but 23 plants, against 375 independents, he said.

PROTEST AGAINST BILL.

Chicago, May 21.—Officers of the national business league of America today sent telegrams to Senator Francis C. Warren and Representative John F. Fitzgerald, chairmen of the senate and house committee on appropriations, protesting against the bill reducing the appropriation for the state department, which was passed by the house, and will come up in the senate in a few days. If the senate concurs it will compel abolition of several important bureaus of the department.

FARMER DIES FROM INJURIES.

Creston, Iowa, May 21.—Albert McCastan, aged 32 years, a leading young farmer near Greenfield, Ia., died in a hospital here today from the effects of a terrible injury sustained by being impaled upon a pitch fork. McCastan alighted on the fork as he descended from the top of a hay stack.

SITUATION SERIOUS.

Havana, May 21.—While the situation arising from the racial revolutionary movement is unquestionably serious and apparently growing more dangerous, the reluctance of the government renders impossible a precise determination of its gravity. The only thing absolutely certain is that a condition of insurgency exists among the negroes of Matanzas, Santa Clara and Oriente provinces, especially in the last named and that the government is straining every nerve to stamp out the rebellion by the use of all the military forces at its disposition even at the cost of reducing the garrison at Havana to a few companies.

Additional troops and ammunition were rushed by railroad to Oriente this afternoon and new cruiser Cuba was ordered to proceed to Guantanamo with 600 soldiers. Mounted patrols guard all roads approaching Havana and all police are kept on duty. Two armed parties are said to be operating at night in the southern part of Havana province.

It is rumored that several schooners from Haiti have landed cargoes of arms for the insurrectionists, and that Haitian negroes are urging Cuba negroes to establish a black republic in the eastern end of Cuba.

The American minister, Oscar Burre, visited Secretary of State Sanguley this afternoon to demand protection for the property of the Juragua Iron company, on which a band under Ivonne is reported to be operating. The secretary gave assurance of protection.

MAY TIE UP SESSION.

Springfield, Ill., May 21.—Indications tonight are that Lee O'Neill Browne and the half dozen followers who joined him in the crusade to force the passage of the mileage and postage appropriation bill, will be able to tie up the business of the special session when the house reconvenes tomorrow. If Browne and his followers stick to their program they will refuse to vote for any of the pending appropriation bills until the house passes the third mileage and postage appropriation for the members and also until the bill is finally approved by Governor Deen. In view of the fact that not more than a bare two-thirds majority is expected to be present tomorrow, it is believed tonight that Browne and his crusaders, by adhering to their regular plan, can succeed in tying up the session.

PRIZES FOR AUTO RACES.

Milwaukee, May 21.—The Vanderbilt race committee today announced the prizes for the race including a new trophy valued at \$1,500 offered by a motor car company of this state, for small stock cars. The cash prizes total over \$15,000 and will probably aggregate \$20,000, with the first prize \$5,000 and the smallest \$250. Prizes of equipment and accessories will total \$10,000, making a total prize list for the race of over \$40,000, including the grand prize and Vanderbilt historic cups, and the Pabst and Wisconsin cups announced here.

NEW POLITICAL PARTY.

New York, May 21.—Steps looking to the formation of a new political party were taken at today's session of the National Manufacturers' association. John Kirby, Jr., president of the association, spoke in favor of a new party and a committee was named to draft resolutions and to plan ways and means of inaugurating the movement. R. B. Reasoner of Marshalltown, Ia., is a member of this committee.

Chicago, May 21.—Delegates to the American association of physicians and surgeons convention here today, elected officers for the ensuing year. Those include Dr. T. B. Hammond, Des Moines, president, and Dr. J. C. McCandless, Chicago, secretary.

Springfield, Ill., May 21.—Complete vindication was secured today by Commissioner Spaulding when the city commissioners made a report following an investigation of the books of the department of public works. The charges set forth in the recall petitions circulated recently were held unwarranted according to the accused official's associates.

SCHOOL FOR DEAF BURNING.

Flint, Mich., May 22.—The Michigan School for Deaf is burning. There are about 250 students in the institution.

TRANSFERS ON ELEVATED.

Chicago, May 21.—Mayor Harrison today signed an amendment to the city code, providing for transfers on elevated railroads. He had been assured by the corporation counsel that the amendment was legal. The mayor said he understood the company owning the elevated lines did not take kindly to the proposition.

CUT OUT TOLL PROVISIONS.

Washington, May 21.—By vote of 100 to 90 the house today refused to permit the imposition of tolls on American vessels engaged in the coast-wise trade and which will use the Panama canal. Friends of the measure say the house will reverse itself Thursday, when the bill is taken up for passage. A sharp, but ineffective attack was made on the provision in the bill prohibiting railroad owned vessels from using the canal.

INSURGENTS AND GUARDS FIGHT.

Santiago, Cuba, May 21.—Paroles of armed negroes, headed by Generals Estenoz and Ivonet are reported operating in the vicinity of El Caney, El Cobre and San Luis, and also at various points close to this city. The authorities consider the situation serious, but refuse to give out news. At Sevilla and Ocaña the insurgents attacked and looted stores owned by Spaniards.

It is rumored that in an encounter between insurgents and the rural guard at Yorba Guinea, the guard lost two men killed and several wounded.

TWO KILLED BY TRAIN.

Rockford, Ill., May 21.—G. R. Peterson, 20 years old, and a relative, Mart Larson, 2 years old, were killed instantly, while Mrs. Gust Larson was fatally injured by the Omaha train of the Illinois Central railroad at a grade crossing here tonight. The party had left their home but a few minutes before, and were on their way to a moving picture show. They were walking across the tracks when the train rushed down upon them.

TAFT NOT WORRIED.

Pittsburg, Pa., May 21.—President Taft stopped over here 20 minutes enroute to Washington shortly before midnight. He did not appear and Secretary Hilges said he returned from the Ohio primaries were too indelicate for any sort of a statement.

The president evidently was not worried about the Ohio result. He slept on his car much of the way from Cincinnati to Denison, where he got first news. This showed Denison had given Taft 85, Roosevelt 74.

Mr. and Mrs. Charles Priest and daughter of Exeter were among the visitors in the city yesterday. William McCullough of Riggs was transacting business in the city yesterday.

Miss Florence Watkins, who is working as stenographer for a firm in Chandlerville, was a business visitor in the city Tuesday.

MATRIMONIAL RECORD

Kumle-Bergschneider.

The marriage of Mr. Fred J. Kumle and Miss Katherine Bergschneider took place Tuesday morning at 6:30 o'clock, at the Church of Our Savior, Rev. Father Grove officiating. The ceremony was witnessed by only the young people and friends of the bride and groom. Mr. John Kumle, a brother of the groom, acted as best man, and Miss Gertrude Bergschneider as bridesmaid. Following the ceremony a splendid wedding breakfast was served at the residence of Fred Dege, 329 Franklin street.

The bride was attired in a white marquisette over white silk and carried white roses. Her going away dress was of fine silk with hat to match. The bridesmaid wore a gown of blue silk and carried white carnations.

The bride is the daughter of the late Henry B. Bergschneider and is a young woman of many accomplishments. She received her education in the high school and her many friends hold her in high esteem. The groom is the son of Joseph Kumle of 837 West College avenue. He is a young man of upright character and business ability. He also received his education in the public schools. He is a member of the grocery firm of Bergschneider & Kumle on South Main street.

The young people left over the Altar for Chicago and from there will go to Detroit, Mich. Upon their return they will make their home on East College avenue.

The Mission Study circle of the Congregational church met Tuesday evening at the home of Miss Addie Abbott, 919 Grove street, and a most interesting program was given. The address was given by Rev. J. O. Hough, who spoke in a very interesting and instructive manner on "Influence of the Country Church." His remarks were followed by a spirited discussion.

Hall, 2926 Olive St., St. Louis Mo. Sold by druggists.

DEATHS AND FUNERALS

Tobin.
The funeral of Mrs. Mary Tobin was held at 9 o'clock Tuesday morning from the Church of Our Savior in the presence of many friends. Solemn high mass was said by Father O'Donnell. Interment was in Calvary cemetery and the bearers were John Hohan, John Walsh, John Shields, Frank McKenna, Daniel Keating and Thomas Flynn.

Neeley.
John Neeley of Petersburg died at the Jacksonville State hospital, at the age of 86 years. Interment will be made in Diamond Grove cemetery.

Dodd.
Mrs. Frances M. Dodd, aged 84 years, died Tuesday morning at 5:30 o'clock at her home in Waverly. She had always made her home in and near Waverly and she has a large number of friends who respected her for her sterling worth. She is survived by two sisters, Mrs. Nannie Ray of Waverly and Mrs. John Hutton of Virden and one brother, Edgar Dodd of Waverly.

Funeral services will be held Thursday afternoon at 2 o'clock.

Potter.
Charles W. Potter received a telegram Tuesday announcing the death of his brother, Rev. John Potter, who died at the family residence in Newton, Iowa. He was born in England, but the family came to America when the children of this family were small and they settled in Jacksonville. At the breaking out of the Civil war Mr. Potter enlisted in Company I of the 101st Illinois Infantry.

Mr. Potter has been a minister of the Methodist church for a number of years and is a prominent member of the G. A. R., being called upon frequently for addresses of a patriotic nature. He is the author of a book entitled "Memories of the War," which is quite interesting and instructive.

He is survived by his wife and two sons, Wesley and Charles and other relatives in Iowa and this community.

Funeral services will be conducted Friday morning at 11 o'clock at Newton, Iowa, and interment will be made there.

DeFreitas.
The funeral of Manuel DeFreitas was held at 2:30 o'clock, Tuesday afternoon from his home, 865 North Diamond street, in the presence of a large gathering of relatives and friends. Rev. Walter E. Spoons, pastor of Northminster church, conducted an impressive service and Mrs. J. A. Scott, with Mrs. Lillian Sardinia, as accompanist, sang with tender feeling, two solos, "Rock of Ages" and "Shall We Gather at the River." Interment was in Jacksonville cemetery and the bearers were John, Albert, Emmerson, George, Calvin and Peter DeFreitas.

Among those from out of the city to attend the funeral were Mr. and Mrs. Emmerson DeFreitas and daughter, Nettie, Martin and John Goetz, Mrs. Lizzie Nunes and George DeFreitas of Springfield and Calvin DeFreitas of Bloomington.

Deceased was born in the island of Madeira July 31, 1828, and was a son of Antonio and Mary DeFreitas. He was a faithful member of Northminster church and a devoted Christian man. By occupation he was a brick mason. Mr. DeFreitas is survived by three sons, Albert, Antonio and John DeFreitas and two daughters, Misses Anna and Jeanne DeFreitas; also by one brother, Albert DeFreitas, who resides at 505 Sandusky street.

Harding.
Impressive funeral services over the remains of Mrs. Sophronia B. Harding were held at the First Baptist church at Ashland Tuesday morning at 10 o'clock conducted by Rev. John L. Scott, of Springfield, assisted by Rev. John Clark Ellingwood of Ashland. Mrs. Harding's maiden name was Wilburn. She was born December 24, 1829, and died May 17, 1912. She united with the Primitive Baptist church at Yatesville, Ill., in July, 1867, and lived a devoted member until death. She was laid to rest in Yatesville cemetery. The bearers were S. A. Shortt, John Chittick, J. J. Elmore, F. C. Walburn, C. L. Burracker, and D. S. Koontz.

Washington.
George Richard Washington died Tuesday at 12:30 o'clock, aged 17 years, 4 months and 28 days. He

was born in this city December 23, 1894. He was a member of the Bethel A. M. E. church. He is survived by his father, step-mother, grand-parents, and one sister and one brother. The mother died about 6 years ago.

Funeral arrangements will be announced later.

Murphy.
Mrs. Edward White of this city has a vivid word of the death of her father, Dennis Murphy, at his home in Springfield, which occurred Monday. The funeral services will be conducted this morning at 9:30 o'clock from the Church of the Immaculate Conception, Rev. Father Hickey officiating. He is survived by the following children: Mrs. Edward White of Jacksonville, J. S. Murphy of Taylorville, Mr. Ora McLennan of Millar and W. J. and Miss Nellie of Springfield.

Kilian.
Joseph Kilian, well known resident of this city, died at 6 o'clock Tuesday morning at his home, 1618 South Main street, at the age of 58 years. He had been in failing health for the past number of months.

Mr. Kilian was a native of Germany, being born in Hesser, Dramstadt. When quite small he came with his parents to this country and settled in Jacksonville. For many years he has conducted a carriage business on Morgan street.

Deceased was a faithful member of the Church of Our Savior and a man held in esteem by many friends. He also belonged to the Knights of Columbus, the Catholic Knights and Maccabees.

Those surviving are the wife and seven children: George D. of California, Mrs. J. H. Mallen, John, Edward and May of this city, Lillian and Leo of Peoria; four grandchildren, William Thornbrow, John and Joseph Mallen and Edward Kilian, all of this city, and a sister, Mrs. Henry Long.

The funeral will be held at 9 o'clock Thursday morning from the Church of Our Savior and interment will be in Calvary cemetery.

Moses Topping of Muchhausen Bros. is in Springfield attending the Red Men pow-wow.

McCarthy's Arabs and all untamed sons of the desert will meet in Hibernian temple at 5:30 and join the Khorassan host who will cross the hot Sangamon sands in Springfield tonight. The tiger must be fed, so get your official receipt and make ready to march to the Mahash where the caravan starts at 6:10. Badges distributed at the temple.

"Votaries, throw your hats in the Ring."

WON'T MARRY DIVORCEES.

Springfield Ministers go on Record Against Evil.

The Ministerial association of Springfield at their recent meeting dealt a blow to divorcees, when they voted not to officiate at weddings of such persons except in the case of persons securing divorce for unfaithfulness.

The resolution adopted reads as follows: "Whereas, the practice of obtaining divorces in this state, county and city has grown at an alarming rate in the past few years, there being in the year 1911 in Sangamon county one divorce granted to every five marriages solemnized; therefore, "Be it resolved, That we, the members of the Ministerial association, declare that we are hereby to refuse, after due inquiry, to solemnize the marriage of any couple either of whom has a divorced husband or wife still living, if such husband or wife has been put away for any cause other than adultery.

BRAIN IS NORMAL.

Autopsy on Richeson Revealed No Startling Condition—Body Still at Morgue.
Boston, Mass., May 21.—The body of Clarence V. T. Richeson, who was executed early today for the murder of Avis Lucretia, lay at the North Grove street morgue tonight. Earlier in the day Dr. George B. McGrath, medical examiner of Suffolk county, performed the autopsy required by law and declared that Richeson's brain was normal. Douglas Richeson of Chicago brother of the dead man is undecided regarding the disposition of the remains.

HAS RIDE STRAWBERRIES.
Tuesday morning James Cook of South East street gathered a number of ripe strawberries from his garden. These are the first ripe strawberries of the season in this city, so far as has been reported. Berries are usually ripe at this time of the year but the unusual weather this spring has greatly retarded their growth.

Only 50 Women Can Join The Hoosier Cabinet Club for \$1.00

After you study the above picture you will not wonder that women are anxious to join the Hoosier club, when by so doing they have a Hoosier Cabinet delivered to their homes on payment of only \$1.00.

Think of the hundreds of needless steps every woman you know could save by having her table, pantry and cupboard, with all her tools and supplies centered in one spot.

Your energy instead of being wasted is saved and the time spent in your kitchen—the least pleasant part of your work—is reduced by one-half, the moment this famous Hoosier Cabinet comes into your home.

The Hoosier company sends its 3,000 agents a limited number of Hoosier Cabinets each year to be sold under direct supervision of the factory on the famous Hoosier Club Plan.

This year most cities received only 25 cabinets. Our urgent request secured us 50 of these cabinets for the ladies of Jacksonville.

Only 50 women, therefore, can join the club and have a Hoosier Cabinet delivered immediately on payment of \$1.00; balance in a few weekly payments of \$1.00. Many already have enrolled.

The Club Plan differs radically from the installment plan which often is linked with high prices and unknown goods. The low price of the Hoosier Cabinet is fixed everywhere by the factory. No Hoosier agent can sell for less or more on any terms.

So club members get a great benefit from the liberal club terms. The club probably will be filled very quickly. Those who want Hoosier Cabinets should enroll their names at once.

SOCIAL EVENTS.

Miss Lucille Reinbach was very pleasantly surprised last evening on the occasion of her eighteenth birthday, when about fourteen of her friends assembled at the Reinbach home on West State street. The affair was planned by Mrs. Reinbach and in carrying it out she was assisted by several of the young ladies. A great part of the evening was spent on the porch, which was beautifully lighted with lanterns. The hours were passed in a social manner and with music. Elegant refreshments were served. The guests included Misses Irma Elliott, Olive Smith, Edith Brown, Helen Wheeler, Beniah Erixon, Meda Duncan, Mrs. J. Howard Brown and Messrs. Fred and Clayton Stuart, Glen Skinner, Basil Sorrells, Eugene Keefe and Thomas Jenkinson.

The members of the Illinois college chorus were guests Tuesday evening of Messrs. Krüch, Munger and French at Academy hall and a very delightful time was spent. Light refreshments were served. While together the chorus practiced for the numbers they will give here Saturday Sunday.

Miss Edna Wardhaugh and her pupils in the second ward school enjoyed an afternoon Monday at Nichols park. The children took their suppers with them and in every way the hours were greatly enjoyed.

IN PROBATE COURT.

Motions Overruled as to Objections In Corrington Estate.

The final report of J. B. Corrington executor of the estate of J. W. Corrington was heard in the probate court Tuesday before Judge Brockhouse, the executor asking to be discharged. The court overruled the objections of the heirs. These objections referred to the moneys which had been given Mrs. Marvin Thompson, a daughter of the deceased, \$15,000 had been left her, with interest at 4 per cent. This bequest was made because she had taken care of her father for a great many years. There were also items of expense which she claimed brought the sum up to \$17,000. It was over this extra money that the objections were raised.

There is at present a suit pending in the circuit court against J. B. Corrington, trustee of the estate, claiming that he had paid out funds which he had no right to dispose of. The entire difficulty it is likely, will be settled in the circuit court case.

TO HOLD MISSIONARY RALLY.

A jubilee missionary rally will be held Thursday morning at 10 o'clock at the Lynnville Christian church, to which anyone interested is cordially invited. A program of several excellent addresses will be given and among the speakers will be the following officers of the state board of missions: Mrs. Zellar of Petersburg, president; Mrs. Thompson of Carthage, secretary; Miss Henrietta Clark of Jacksonville, treasurer; Miss Gaddis of Barry, superintendent of young people's work, and Mrs. Searcy of Carlisle, district president. Rev. W. S. Phillips of this city will also give an address. At noon the Woman's Auxiliary of the church will serve a free dinner for the visitors.

I. W. C. RECIEVES MORE ENDOWMENT

Gifts Aggregating \$6,000 Announced at Chapel Exercises Tuesday.

At the regular chapel exercises of the Illinois Woman's college, held Tuesday morning, announcement was made of the gift of \$6,000 toward the \$180,000 endowment fund which the college is trying to raise. Yesterday was the first chapel exercises that Dr. Harker had attended for several days, having been a visitor at the sessions of the general conference of the church in Minneapolis. After speaking of some interesting phases of that great body of the church he said that it was his great pleasure to be able to chalk off one of the squares of the blackboard, each of the 180 squares representing \$1,000.

Mrs. E. C. Lambert, field worker of the college, was also present and told of the recent college societies she had visited in St. Louis, Kansas City, Springfield and of the very enthusiastic meeting which had been held by the Los Angeles chapter, May 9. The speaker went on to relate that a former student and alumna of the college had made a gift of \$5,000. Its announcement, together with that of Dr. Harker, was the occasion of a great demonstration by the students and when five more squares were erased the enthusiasm knew no bounds. Mrs. Lambert stated that the giver had requested that her name be withheld for the present.

Through the recent gift the college has now raised to date \$36,000 and as formerly announced the institution expects to raise \$50,000 by commencement time, so there still remains to be contributed \$14,000. The workers for the endowment fund are most enthusiastic and optimistic about the outcome of the campaign and some believe that it will go far beyond the expectation of the most conservative.

HELD RALLY SERVICE.

A rally service was held at the Second Baptist church Sunday which was largely attended and the collection amounted to \$233.55, which will be added to the church fund. Since Sunday \$10 was received which makes the total \$243.55. Rev. H. H. DeWitt is the pastor of the church and he has reason to feel proud of the excellent spirit shown by his congregation. The following program was given:

Organ prelude—Miss DeWitt. Anthem, "Great Is the Lord"—Choir. Solo, "Behold I Stand at the Door"—Miss Davis. Duets, "Why Stand Ye Here Idle"—Messrs. Freeman and C. Spencer. Quartet, "Come Thy Fount"—Messrs. Young, Kennelbrew, Freeman and Spencer. Anthem, "Incline Thine Ear"—Choir.

GRACE CHURCH MEN WERE HOSTS

Brotherhood Entertained Ladies at Banquet Tuesday Evening—Excellent Address by Rev. Walter Spoonst of Northminster Church.

The men of Grace Church Brotherhood delightfully entertained the ladies of the church Tuesday evening at a banquet in the parlors of the church. There was a splendid gathering and the men proved that they were excellent hosts. After all had partaken of the splendid menu, which was prepared and served by the men, the program of the evening was taken up. Following a musical number by the Grace church quartet, Hon. J. J. Reeve spoke words of appreciation for the presence of the ladies and for the splendid work of the church in which they are engaged. He also spoke of the way in which the men and women were of assistance to each other in accomplishing their respective tasks, calling attention to the fact that the men had recently made ten tables, which they donated to the ladies for use in the church.

Mrs. E. C. Lambert and Mrs. J. J. Reeve, president and vice-president, respectively, of the Pastor's Aid society, responded in a pleasing manner and then Miss Stella Shuff sang a beautiful solo.

The principal address of the evening was by Rev. Walter E. Spoonst, pastor of Northminster Presbyterian church, who spoke on "The Young Man." Rev. Mr. Spoonst told of the work of young men in the past and said that the crying need of the world today was Christian young men. The small number of men in the churches today, he said, is accountable for the vast amount of corruption in politics. The minister presented a number of statistics which were very pointed and helped to impress the message of the evening.

The banquet and program last evening was in charge of a committee composed of J. W. Breckon, J. T. Graham, Arthur Cody, S. O. Shuff and Thomas Höpfer.

THE SWINE PLAGUE

May Be Prevented by Adoption of Sanitary Methods—Use of Cholera Serum Not Understood by Many—Effective When Properly Used.

In view of the fact that disease among swine has prevailed all over the pork producing areas of this and many other states the past year, and that prices for good hogs are likely to remain at high levels, farmers should use every means available to prevent a recurrence of the scourge. The old adage, "In time of peace prepare for war," is nowhere more applicable than in the profitable production of pork. Some farmers wait until their hogs get the cholera and then learn the lesson that "an ounce of prevention is worth a pound of cure." There has been some complaint throughout the hog raising territory of Illinois about the inefficiency of hog cholera serum, but careful inquiry reveals the fact that in most cases of dissatisfaction the serum was secured from an unreliable source, was not administered properly or that it was injected after the animals were sick. Many persons seem to forget that the serum is recommended as a preventative, not as a cure. If a hog has developed cholera before the serum is used, its probability he will die before the serum has a chance.

Fresh serum from the biological laboratory of the Illinois live stock commission, administered by a competent veterinarian before cholera has infested the herd is a sure preventive of hog cholera. This fact has been thoroughly tested, yet while this is true there are other necessary precautions that the swine husbandman should not fail to observe in order that his farm may be free from wine plague in every form.

Hon. C. C. Pervier, a prominent member of the Illinois legislature from Bureau county, in an address before the State Farmers' Institute, among other things, laid the following to say on this subject:

"I do not know any cure for hog cholera. I do believe it is possible to so handle the swine as to make them able to resist disease. Only once in 35 years have we had disease on our farm and then one-third of our hogs survived the attack."

Three Things Essential.

There are three things we think absolutely essential to the health of the herd and these are clean feed, pure water and dry comfortable feeding quarters. The food of the hog should be as clean as that given any other animal, because every particle of dirt, filth and indigestible matter that is taken into the stomach impairs digestion and reduces the gain as well as injures the health of the animal. There should be a clean feeding floor in winter or when it is too muddy to feed elsewhere. The floor should be located with due regard for the comfort of the animal while eating—never on the north or west side of buildings. The hog is an only farm animal that wears his summer coat all winter, and is, therefore, liable to colds, coughs and lung trouble.

Floor Must Be Clean.

"It is a law of nature that the excrement of all animals is poisonous to themselves, but not to other animals. Hogs may follow cattle without injury, but the thing most essential and most difficult is to keep the food of the hog from becoming contaminated with his own excrement, hence the value of the feeding floor and the importance of keeping it clean. Be sure to locate the floor where the sun can shine on it—sunshine is the enemy of disease germs."

Clean Water Necessary.

"A pig will not walk 80 rods to get a drink of clean water if water of any kind, no matter how filthy, is nearer. Forty per cent of the pig's body is water, and if the supply is below normal requirements, gains will be proportionately low and the health of the animals impaired."

"In very cold weather pigs will not drink enough water to supply their need, unless it is warmed. There should be an abundance of clean water before the hogs at all times. We use what is known as the 'barrel and float' plan, which consists of a concrete barrel with a concrete dishing box about 12 inches square and 5 inches deep built on the side of it. The box is separated from the barrel by a piece of sheet iron with holes about two inches from the bottom through which the water passes from the barrel to the box. With this plan no mud or filth can enter the barrel, and the box can be readily cleaned. By putting a tank heater in the barrel, the box heater in the barrel, pigs are supplied with pure water of right temperature in winter."

Sanitary Sleeping Quarters.
"We are using concrete floors in our hog houses and have found that

we need very little bedding, just enough to keep the body of the pig from coming in contact with the concrete. It is easy to keep a concrete floor warm if the cold air can not get under it. With 100 pigs in the house during zero weather, we need to keep some of the windows and the upper end doors open for ventilation. We have never had any pigs get stiff from lying on concrete floors. Good dry bedding, straw or shredded fodder, is used and is removed as soon as it becomes damp, and replaced with a fresh supply and ventilation is such as that cold winds an not blow in on the pigs. We disinfect the houses often with air slacked lime.

Dipping Tank a Factor.
"A dipping tank is essential not only for destroying lice but also for promoting health conditions in general."

"We dip our hogs once in two months, more often if the animals are bothered with lice, and use any of the dippings on the market that have made oil as a basis. We do not dip in winter, but crowd the hogs into the house and spray them, leaving them until dry. We spray hogs, walls, bedding and all."

"We keep wood ashes and a little lime in a self feeder before our pigs all the time. Hogs need more mineral matter than they usually get."

"During the summer hogs should be provided with ample shade; it will add materially to the gain of the herd. With proper attention to sanitary conditions, the feeding of a balanced ration, and the comfort of the animal provided for, disease of swine becomes an accident—not an epidemic."

NATUR2 SPARE8

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the man of nature suffering; for how poignant would be his grief to discover, in the height of its blooming glory, that a cancer fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and gray hair have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Nowbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. GREAT NINTH INNING FINISH

HIGHLANDERS SCORE THREE RUNS IN FATAL ROUND.

Defeat Dashing White Sox by Score of 9 to 8—Slugging of New York's Center Fielder Responsible for Defeat—Great Battle at Washington.

New York, May 21.—The Highlanders defeated the White Sox in the first game of the series by a great ninth inning rally, the score being 9 to 8. Daniels tripped, and Zinn, who in the seventh drove in three runs with a home run, singled Daniels home. Chase followed with a single and Cree sacrificed. Zinn came in with the tying run on Kuhn's passed ball. Callahan ordered Lange to pass Hartzel to take a chance on Martin. On the fourth ball, Umpire Evans called a balk as Catcher Kuhn stepped out of his box and allowed Chase to come in with the winning run.

O'Day has won the highest praise from President Lynch for the way in which his team is winning games without doing any umpire bating. Says Mr. Lynch: "O'Day is not permitting his men to abuse the umpires, and so far he is holding his own with managers who are constantly in need of disciplining. There are some managers who should take a leaf out of O'Day's book." All of which is very true and goes to show that Mr. O'Day's long experience with the indicator taught him that the manager who kicks the least gets the heat of it in the way of decisions that count.

WHIPPLE ACADEMY'S NEW PRINCIPAL

Samuel O. Welday, Graduate of Ohio University Will Succeed Carl E. Robinson.

Announcement was made at the chapel exercises of Illinois college Tuesday morning that the faculty committee of the board of trustees had appointed Mr. Samuel O. Welday principal of Whipple academy for next year.

Mr. Welday is a graduate of Ohio university of Athens, Ohio. In addition to his studies at the University of Ohio, he has had five years of experience in public school work, chiefly in Ohio. He also studied for a time in Sejo college, Ohio. While in college, Mr. Welday was president of one of the literary societies and has managed a college book store. He is planning to come to Jacksonville shortly after the middle of June.

In making the announcement, President Rammelkamp stated that he had met Mr. Welday personally and that he was sure students and friends of the college would like him.

Mr. Carl E. Robinson, the present principal of Whipple will continue his connection with the college during the summer as field agent.

FAREWELL TO PASTOR.

Social Given in Honor of Rev. E. P. Gish of Concord.

The members of the Christian church of Concord gave a farewell social to their pastor, Rev. E. P. Gish at the church Friday evening, May 17, each member being permitted to invite a friend.

The committee did themselves justice in arranging for this event as will be seen by what follows. The amusements of the evening began by instrumental music by Miss Eva Abernathy, followed by singing America; then the reading of verses from the fifth chapter of Ephesians by Rev. Mr. Howman of the M. E. church, after which prayer was offered by Rev. Mr. Reed of the M. P. church.

Refreshments were then served consisting of cream and cake. An extemporaneous program was arranged to which all responded nobly. No excuses were accepted. The program was as follows:
Solo—Thurston Hutchinson.
Recitation—Mrs. Bass.
Solo—Mrs. Valentine.
Piano solo—Thessal Webster.
Male quartet—Rev. E. P. Gish, Thurston Hutchinson, Roy Abernathy and Melvin Smith.
Piano solo—Merle Abernathy.
Piano solo—Meta Daley of St. Louis.

Quartet—Mrs. Aura Valentine, Mrs. Emma Abernathy, W. H. Williamson and A. C. Valentine.
Vocal solo—Just as the Ship Went Down—Bonnie Smith.
Piano solo—Rev. Mr. Housman.
Recitation—Thomas Bass.

The program was concluded by a talk by the pastor, Bro. Gish, which was very interesting. After which all stood in the outside aisles and joined hands while singing "Blessed Be the Tie That Binds."

The meeting closed by Rev. Mr. Reed pronouncing the benediction.

PUBLIC LIBRARY REPORT WORK OF A YEAR.

(Told by MISS WEBBER.)

The annual report of Miss Lorraine Webber, the efficient head of the Jacksonville public library, has been transmitted to the city commission and the library board. The comprehensive report covers all departments of the library and gives evidence that conscientious and valuable work is being done.

"It is my privilege to submit the annual report of the public library covering the twelve months ending May 1, 1912.

Accessions.

Bound periodicals 66
Books added by gift 107
Transferred from the rent collection 156
Books added for rent collection 147
Books added by purchase 419
Total added 886
Total volumes withdrawn 394
Total volumes now in library 17,176

"The amount of money spent for books is not greatly in excess of the amount spent last year but the number of books is considerably larger and this is partly due to the purchase of many volumes through dealers in second hand books and publishers' remainders. The regular book fund must be made to cover the purchase of late reference books needed for daily use, to build up weak departments in the collection, to buy books on practical subjects and to supply as many important new books as possible. In spending money for new publications outside of reference books and novels, it would seem the duty of the public library to supply those notable books of travel, biography and general literature which are of permanent value and which are often too expensive for individual purchase. These are just the books which reading people of moderate means hope to find at the library and express regret and surprise at not finding.

"Since the library has also a recreational side the purchase of fiction has not been overlooked. Largely through transferring new fiction from the rent collection, the number of novels added last year shows an increase of 20 per cent over that of year before. Owing to the revival of interest in Dickens' novels it was necessary to add many new copies to the Dickens shelf.

"Upon request the 'Cyclopedia of Mechanical Engineering and Shop Practice' in 7 volumes was purchased, together with the new edition of Kent's 'Mechanical Engineer's Pocket Book.' Other practical works of the sort are badly needed and should be bought at an early date. The demand for cook books and household science material has brought about several good additions to this department and some of the best late books on various phases of farm management have been bought for the same reason.

"The new reference books which have been most used are the latest edition of Hurd's Revised statutes of Illinois and several fine illustrated books of costume.

Withdrawals.

"The withdrawal list for the year includes 156 transferred from the rent collection, 6 destroyed because of contagious disease, 26 lost by borrowers and paid for, 33 permanently lost and unaccounted for at the inventory of 1910, and 173 worn out. This makes a total of 394. The original inventory for 1912 has been taken and shows 121 adult books and 38 juvenile books missing. Most of these will be found upon further investigation.

Circulation.

"The library has been open on all week days except Memorial day, July Fourth, Labor Day, Thanksgiving, Christmas and New Years. The hours have been as usual from 9 a. m. until 9 p. m. from October 1 until June 1, and from 9 a. m. to 8 p. m. during the four warm months, from June 1 to October 1. The circulation shows an increase over all previous years except the first in the new building. This is unexpected as no books have been circulated through the schools except to individual teachers. This school circulation has always been depended upon for the distribution of about 3,000 volumes. The amount of reference work done in the building has also been somewhat larger than usual. This increase in reference and loan work has precluded the making of reading lists, bulletins, and so well brought to the attention of the reading public. Much of this work has been done heretofore and the constant increasing circulation proves its helpfulness.

"The greatest growth in the use of any one class of books has been observed in the works of travel, the circulation having increased 30 per cent. The material on natural sciences and religion also shows an increased use of 18 per cent in each case.

Registration.

"There were 1249 new cards issued to adults and 259 to children, which makes a total of 1508. Of this number, 749 were actual new borrowers and 759 were renewals of old cards. The number of out of town persons with library memberships for varying periods was 60. Of these memberships, 7 were issued for the entire year for a fee of \$1. The number of paid memberships has practically doubled since the last report was made. On September 1, Miss Golda Ausbury was appointed to fill the position of assistant, made vacant by the resignation of Miss Mary Louise Powell. Miss Lillian Havenhill began the school year as an assistant but was obliged to give up the position after two months of excellent service. Both Miss Havenhill and Miss Ausbury were former apprentices.

"Miss Ella Lawrence completed her apprentice work in the fall and was soon after appointed librarian

of the Morgan County Medical library. Others who have worked on the apprentice course during this fiscal year are Misses Ruth Kingsley and Corinne Carlson. Regular staff meetings were begun the first of February and were held twice a week during the next three months. Instruction was given upon the use of special reference books. Long lists of practical reference questions were assigned and most careful and thoughtful work done by all members of the staff. Outside time was given for this but each member seemed to feel it a pleasure rather than a burden. Miss Frances Mathis of the Illinois State Library school spent the month of February in the library as a regular assistant. No financial remuneration was made to her since the month's experience in an accredited library is required for graduation.

Mending, Binding, Etc.

"There have been 64 volumes of magazines bound and 356 books rebound. The mending has been confined to minor injuries and to books which are not to be rebound. The number of volumes mended is 450. Miss Lutkemeyer has always done the cataloging for her department, but the librarian has been obliged to catalog other volumes. For the first time some instruction in cataloging has been given to apprentices this year, so that the burden of cataloging will be divided hereafter between all members of the staff.

"With children and schools. No regular story hour has been held at the library, but the children librarian has told stories at each of the four ward schools. This has brought new children to the library and has increased the confidence of all children in her ability to select for them 'a good story.' In January she spent four days in visiting the various children's departments of the St. Louis public library, bringing back her own work some new ideas and much inspiration and enthusiasm. The librarian has spoken at meetings of the Parent-Teachers' association in three different wards. Two of these meetings were held in December and gave an excellent opportunity for explaining and advertising the annual exhibition of children's books suggested for Christmas gifts.

"During September the Junior English classes of the high school were given systematic instruction in the use of the card catalog and the periodical indexes. Each section visited the library twice under the supervision of the teacher, Miss Elizabeth Russell. On the first visit the use of these tools was explained and in the second period each student worked out a problem composed of questions answered by the use of the catalog and the indexes. These students have been very independent about looking up their school work and the work of the library staff has been greatly lightened during the busiest hours of the day, from 3:30 to 5:30. Outside of the satisfaction many students have taken in finding material for themselves, the idea of saving their own time has seemed to please all. At the end of the last school year each senior boy was sent a copy of the little pamphlet called 'Don't Be a Quitter,' which is a forceful argument for continuing the education through the public library. All senior girls were sent a copy of Mr. Dana's 'List of One Hundred of the Best Novels' and several of the girls have read from this list throughout the year. These novels are kept on a separate rack near the desk and have proven generally popular.

Study Clubs.

"Reading lists were prepared on each subject included in the programs of ten study clubs. These lists were made in duplicate and each member was furnished with the bibliography covering her subject. The extra copy was filed at the library for the convenience of other club members doing systematic reading throughout the year. The same was done for the members of one Men's Bible class, which was studying and comparing the religions of the world.

"Expression of appreciation of the personal reference lists have been received from some of the clubs and from nearly every individual member. The same plan will be followed next year, as many women are able to wait upon themselves through the use of their bibliographies. The privilege of borrowing bound periodicals from Saturday afternoon until Monday at 1 p. m. seems to meet with general approbation also.

Gifts and Loans.

"The library has been generously remembered by gifts and books magazines and flowers, all of which are very welcome additions. Notable gifts have been made by Rev. H. D. French, Mrs. W. S. Jones, Gilbreth Dawson, Doctor Milligan and Miss Emma Weller. Through special arrangements, books have been loaned for the use of the patrons of this library by the libraries of Chicago, Springfield and St. Louis. A few favors of this sort have also been granted by the library of congress.

"Two much cannot be said in appreciation of the space given by the local press to lists, book items and general library news. This has been one of the greatest aids in increasing the circulation of books and the general use of the library.

TESTIFIES ABOUT WILLIAMS ACTS

Stenographer Tells Committee What Judge Archibald's Partner Said About Him.

Washington, May 20.—The connection of E. J. Williams, partner of Judge Robert W. Archibald of the commerce court in the Katydid culm bank deal, was the subject of probe today by the house judiciary committee with Miss Mary Boland of Scranton, Pa., stenographer to W. P. Boland, accuser of the jurist, as the principal witness.

Miss Boland said instead of W. P. Boland having died, the letter of March 13, 1912, in which a reference was made to a "silent partner" in the Katydid culm bank deal now claimed to have been Judge Archibald that Williams was the author of it.

Miss Boland declared that Williams asked her to write the letter one day when Boland was absent, told her what he wanted to say, that she complied with his request and the next day submitted the letter to him for his approval. She said he signed it and she tore off the letter head.

Miss Boland read to the committee from a note book memorandum which credited Williams with saying he had just left Judge Archibald's office after talking about culm bank deals or was going to see some one at the judge's request about culm deals.

Also that on Sept. 28, 1911, "E. J. W." told her of having read a brief prepared for the Erie by Judge Archibald.

On November 1, 1911, she said Williams told Boland that he would have Judge Archibald hand them, the Erie, a few decisions that would make them "sit up and take notice."

On November 22, he was credited with saying that he "had sent the judge on an errand" that morning and he "had not gotten back yet."

On January 13, 1912, Miss Boland declared Williams told her that he thought it was a bad idea for him to be associated with Judge Archibald any longer, that the judge "was no good and a grafter."

NOTES FROM THE LABOR WORLD.

Holland has a special law preventing striking among railway employees. Women take the place of new boys in many of the streets of Spanish towns.

A bill providing for an eight hour day has been passed by the French chamber of deputies. This action, it is believed, will have the effect of forestalling a general strike in that country.

At the end of 1910 there were 669 registered trade unions in the United Kingdom, with a membership of above two million. These totals compare with a membership of 211,391 in 1866 unions in 1880.

More than 80,000 railroad employees are killed or injured in the United States in a year. Every six minutes, day and night, a railroad employee is killed or injured, and every two hours one is killed.

Organization among the cooks of Chicago is showing exceptional vigor. The various cooks' associations, which heretofore have been purely social and benevolent organizations, are now looking toward the international union for relief.

British trade unions gained but 16,000, or less than 1 per cent, during the three years 1908-1910. The income of the hundred principal unions reached a total of \$40,000,000, and expenditures exceeded the income by \$2,610,000. Strike pay amounted to \$5,600,000.

Public school of teachers throughout the country receive less on an average than \$500 a year for their services, or about \$3 a day for the actual number of days taught, or at the rate of \$1.60 a day for the actual working days of the year, according to the annual report of the commissioner of education.

INDICTMENTS STAND.

Judge Graves at Rock Island refuses to Quash Proceedings Growing From Riots.

Rock Island, May 20.—Judge Graves today refused to quash the indictment of "assault with intent to murder returned against Harry McCaskrin, candidate for state's attorney and Editor Gardner, of a labor paper, and set their trial for September.

The indictments were returned following the riots this spring in Rock Island which in three people lost their lives.

CORN PLANTERS

The Deere No. 9 Leads the Field WHY?

Because it leads in accuracy—actual accuracy. We demonstrate it.
Because it leads in perfect checking, independent of speed of team.
Because it leads in easy operation. Instantly changed from hill to drill. Has spring lift. Automatic reel, perfect fast drop, etc.
Because it leads in simplicity and strength of construction. Front frame is tied in eight places.
Because it leads in substitution of malleables in place of common castings at all vital points.
Because it leads in lightness of draft. No strain on the check wire, hence no side draft.
Because it leads in ability to successfully plant not only corn, but practically any kind of seed.
Because it leads in number sold each year—and this number is every year increasing.

Drop in and get a copy of our booklet, "More Corn—and Better Corn." Contains a lot of boiled down, practical seed corn information.

SCHOOLS VISITED

Veterans and Others Go to the Places of Public Instruction and Tell of the War and Give Lessons in Patriotism.

As was announced in the Journal a few days since, the various schools of the city were visited yesterday by veterans of the war and others who spoke of the days gone by, of what the country owes the men who fought its battles and of what the present generation should do that it may best fulfill its duty to the great commonwealth.

Some of those appointed failed to respond for reasons best known to themselves; in some instances their places were filled by others and in some instances the visitors were few in number.

McDonough School.

Here the visitors were Dr. Bartlett, a veteran of the war, and Mr. Badger, member of the board of education. The pupils were assembled in the larger room and several musical numbers were finely rendered. Dr. Bartlett spoke in an eloquent and fervent manner of the great conflict and told what it cost and how the country was saved for those who are alive today.

Mr. Badger also spoke in a suitable manner and both conveyed a fine impression on the pupils who heard them.

Lafayette School.

Here the visitors were Rev. Hy S. Alkire and H. P. Mathers. As there were but two of them it was only the upper grades who had the privilege of hearing the gentlemen speak. Mr. Alkire is always at ease wherever he is placed and on this occasion his remarks were excellent and admirably adapted to the occasion. He told in eloquent terms of what the war meant; of its lessons for us all today and the duty we owe the land of our birth. His remarks were heard with profound attention by all.

The school sang a number of songs, "Marching Through Georgia," "Tramp, Tramp, the Boys are Marching" and America.

Mr. Mathers was ill and unable to speak, but he was glad to be present and give his aid and countenance to the occasion.

Franklin School.

Here the visitors were Rev. Walter Spoonst, Capt. J. W. Waller and S. W. Nichols. Mrs. Dunlap first assembled the upper grades and introduced S. W. Nichols, who presided.

Mr. Spoonst was the first speaker and his remarks were just what would be expected from such a source and several times he was interrupted with hearty applause. He told what the war meant and how the men of the south thought they were doing right, but he said they were mistaken. He said he was born and reared in Texas, where people thought the cause of the south was right. He was not born till after the war, but his father was a captain in the Confederate cavalry commanded by Forrest and often told his children what the war meant. The war with Cuba especially served to bind into one people with kindness and brotherly love both north and south and now we are all one with no Mason and Dixon's line to divide us.

Captain Waller made some very excellent remarks. He was a brave soldier who had a right to talk and all were glad to hear him. He told the children how many men were engaged in the war and how young they were and gave the number under 21, 18, 17, 16, 15, 14, 13 and even under 12. It was really wonderful to learn how young the great majority of the men were who fought the battles of country during the civil war. Some of the younger ones were drummer boys, but all had a part in the mighty conflict.

He told of the daily life of the soldiers in a graphic manner and how they did in various ways. He gave pictures which were possible only to one who had borne the burden and heat of the day.

S. W. Nichols then spoke. The pupils then especially entertained Mr. Spoonst with "Dixie," sung right well and the reverend gentleman smiled as it brought up many early associations. America was then given with a will and the visitors went to the lower grades.

The little folks were all expectations, for they heard of the visitors and many of the pupils held small flags, thus early learning to reverence Old Glory, while on the west wall of the room in which they were assembled there hung a good sized flag, a very fine article.

Here Mr. Spoonst spoke again and in a way suited to the ages of his hearers he told of the war and what it meant. He asked the children how many stars there were in the blue corner and they promptly answered 48, showing that they had been drilled on important subjects. Mr. Spoonst told them many interesting incidents of his own early life in wild Texas and how he had to drive cattle for so many years with little opportunity for education and how he had gone to school when he was a man to learn what they were learning. He then explained to them how the flag would have had less stars in it had the old soldiers stayed at home and not gone to fight for their land.

Captain Waller told some interesting anecdotes and made the little folks laugh right heartily at some of the things he said. He told how once two soldiers started out to get some chickens and one of them got a board instead. He told too of camp life and how the soldiers had to get what they could and then he told how sometimes when the two armies were fighting and the soldiers of both sides would get close together how they would get friendly and talk with each other and trade things. The southern soldiers generally had tobacco and wanted coffee and crackers, which the northern soldiers had and often they would trade and if an officer caught them at it he would send the men back to their own lines. S. W. Nichols spoke and the hour of noon was not far away when the visitors left.

The Morton School.
At the Morton school J. W. Melton

and A. P. Vasconcellos spoke. Both were brave soldiers and both had to say something worth hearing. Mr. Melton was a member of Barbour Lewis' famous company in the First Missouri cavalry, as the quota of Illinois was full and they had to go over there to get into the kind of a command they liked.

Mr. Vasconcellos was in the siege of Vicksburg and his name is one of those engraved on the walls of the Illinois monument on the historic ground surrounding that remarkable city. Both gentlemen told the children about the war and especially urged them to remember Decoration day, which is not far away; a day when the memories of the old soldiers are to be kept especially green; a day when the graves of the departed heroes should be decorated with flowers and their deeds should be told of and remembered.

The visit here was a very good one and the pupils much enjoyed the remarks of the visitors.

The Washington School.

Rev. W. S. Phillips was the only visitor here but he would very properly remind of the fable of Aescop. When a lioness was upbraided for bringing forth but one cub at a time she proudly replied: "One, but a lion."

The pupils furnished a good supply of music, patriotic songs which were calculated to thrill the hearts of all who heard them. Mr. Phillips was the kind of a man who would have been first to volunteer had he been alive when the war broke out but he was not born then so it was not his fault that he was not a soldier, but he did nevertheless give the children some noble words on patriotism. He told them in eloquent words how the land they loved so much had been bought with the precious blood of tens of thousands of brave men and that such a costly heritage was well worth valuing and regarding with sacredness. He told the children that while none of them would probably have to go to war they could be brave and patriotic in many other ways. There was the foe of intemperance to fight; the foe of gambling, laziness, wickedness in many forms and in this warfare boys and girls could well unite and form an army which would be well nigh invincible if all would work together.

The remarks of the reverend gentleman were heard with deep interest and made a profound impression on his young hearers.

The High School

was especially fortunate in both the number and character of its visitors. They were Rev. C. G. Snow, Major McDougall, W. J. Moore, C. Riggs Taylor and Prof. J. H. Rayhill.

Principal Spoonst introduced Major McDougall, who presided in a fine and acceptable manner and the addresses throughout were impressive and calculated to arouse the school to patriotism such as they had not known before.

Major McDougall spoke very suitably on taking the chair and called first on the venerable Mr. Snow, who told of the hymn, "Star Spangled Banner." Its author and how it came to be written. He told how the people had been aroused by the hymn and how the troops who saw its folds were cheered when they found it was still waving.

Mr. Moore told how he enlisted when but sixteen years old and went to fight the guerilla Morcan. These were indeed troublous times when life was often sacrificed and when the Confederate bushwhacker invaded the north and left destruction in his path. He spoke of Lincoln's favorite hymn, "Your Mission," of Mrs. Howe's Battle Hymn of the Republic which was sung with a will. The high school possesses some fine voices and all were ready to be used on such an occasion as this.

Rayhill told how his regiment went over into Missouri to fight Kirby Smith and the bad men who infested that state. He had hard strenuous times but like many others we know he did his duty manfully. His voice is always ready when the comrades need his assistance and he is a man with superior talents which he uses for good. His description of the days in Missouri were graphic and aroused deep interest on the part of his hearers.

Mr. Taylor was another member of the famous Missouri cavalry and gave an account of some of the things of the days when he and his company rode against the enemy. Some of the brave boys sacrificed their lives and some came home weakened by disease and exposure.

Major McDougall told eloquently of the cavalry charge of Gen. Jeb Stuart, that brave and intrepid Confederate leader, who was so gallant and hard to overcome. He was a brave and impetuous man and did wonderful service for the Confederate cause.

The speaker told also what the war had brought about and the present union, the cordial feeling between north and south, the united nation, with freedom for all and human slavery forever wiped out.

The school then sang "America" with a hearty chorus and the exercises were at an end.

A. T. Rumber, 261 Fulton Place, Canton, says heavy work weakened his kidneys and caused him trouble and suffering. "Finally I took Foley Kidney Pills and now I feel like a new man. My bladder action is normal and regular. I have no more dizzy spells and I feel as much like work as I did 20 years ago. This is all due to Foley Kidney Pills which I gladly recommend." City Drug store, J. A. Obermeyer.

Elmer W. Douds, advance man of "The Famous Nat Reiss Shows," which are to exhibit in this city next week under the auspices of the Eagles, is in the city on business.

CELEBRATED BIRTHDAY.

Tuesday was the 4th birthday of Mary Helen, the little daughter of Rev. and Mrs. F. A. McCarty, and to celebrate the event her grandparents, Mr. and Mrs. J. B. Abbott of Mason City, her aunt, Mrs. O. M. Hill, and cousin, William Hill of St. Louis, were in the city. In the evening a picnic was enjoyed at Nichols park.

GOOD HEALTH

How To Keep It

How To Get It Back

In this column we will discuss Health and Disease and questions of general interest will be answered by responsible members of the regular medical profession. Those not proper for publication will be answered by mail if accompanied by addressed and stamped envelope, provided they do not relate to a disease from which the patient is then suffering. For such diagnosis and advice as to treatment consult your family physician.

Teeth and Health.

A recent article in the official journal of the Illinois State Medical society by Dr. Thomas L. Gilmer, a prominent Chicago dentist, tells of investigations showing many cases of rheumatism, inflammations of joints and other serious systemic lesions caused by pus discharged into the mouth from inflamed gums about the roots of teeth and from chronic abscesses from teeth, generally spoken of as gum boils. The pus is either absorbed directly into the tissues or is swallowed and afterwards absorbed by the intestinal tract. One Chicago physician has reported three cases of death from an inflammation of the lining membrane of the heart, due to pyorrhea. These investigations suggest the probability that many cases of appendicitis and other infections are due to pus formed about the teeth, and dentists are learning that they will often serve their patients better by extracting diseased teeth than by trying to save them.

How to Keep Tartar From Forming on the Teeth.

A recent article from the pen of Dr. G. V. Black, published in the Dental Review, in Chicago, tells of his latest scientific studies relative to the deposit of tartar on the teeth. The article states that the deposit occurs in what might be spoken of as two stages; during the first stage the deposit is very soft, so soft that it can be easily removed with an ordinary tooth brush and plain water. If, however, the primary soft deposit is not brushed off, it gradually changes to the second stage, when it is so hard that it can only be removed by a steel instrument; no amount of brushing will take it off, even though pumice stone is used.

Since every deposit of tartar must go through the primary soft stage, and since it takes from twelve to twenty-four hours for it to become hard, the opportunity to prevent the accumulation of the deposit, with the accompanying inflammation of the gums, is in the hands of every person. If those surfaces of the teeth on which there is a tendency for tartar to accumulate, are thoroughly brushed twice every day, the deposit will not have time to get hard and can therefore always be removed.

Summer Drinks.

Probably most people, if they

think of the matter at all, have the idea that "soda water," "pops" and other carbonated "summer drinks" are sterilized or rendered free from disease germs by the process of carbonating. There is a tradition among the makers of "bottled drinks" that carbonated soft drinks are rendered free from disease germs. Recently the Kansas university water laboratories made a series of investigations of these waters using the germs of typhoid fever and several other diseases to put in the water. They state their conclusions as follows: "Inasmuch as only the most hardy individuals can resist these adverse conditions for a considerable length of time, the logical conclusion is that no water should be used in the manufacture of a carbonated drink that is in the least suspicious, and if a doubtful water is the only source of supply this should be subjected to treatment by some method of sterilization with subsequent filtration through a trustworthy and efficient filterer." No doubt some of the cases of illness due to the use of "summer drinks" is from germs in impure water used.

The Dairy Lunch.

The Boston Medical and Surgical Journal champions the dairy lunch as a triumph of American genius, calling it educational, democratic and communal in the right sense. "Wise laws compel it to be sanitary. Public opinion makes it sensible and respectable." It is a typical product of American genius for saving labor and waste in the feeding of busy thousands. It may, indeed, conduct to hasty habits of eating, still, it is said speed in eating really become a factor of importance, provided it does not interfere with the quality and mastication of food, for the time saved by avoiding unnecessary delay in the serving of food may often profitably be employed otherwise. The dairy lunch is not only an economic success. It is a force for education in hygiene and in discipline. Those who patronize it get only what is good for them and learn unconsciously how to select it. It is a place for those who eat to secure their greatest efficiency—for those who want the best and wish to pay what it is worth, but who do not intend to pay for mere form.

PARENT-TEACHER ASSOCIATION.

A meeting of the Parent-Teacher association of the second ward held Tuesday afternoon, at which time Dr. E. L. Crouch made an address on "The Social Evil." There was a very good attendance and officers were elected for the ensuing year as follows:

President—Mrs. E. J. Howells.
Vice-president—Miss Ethel Wylder.
Secretary—Mrs. A. B. Williamson.
Treasurer—Mrs. Cohen.

WORLD'S CONGRESS OF NAVIGATION.

Philadelphia, Pa., May 21.—Delegations representing more than twenty nations and consisting of the most noted experts in inland and ocean navigation of their respective countries have already arrived in this city and additional delegations are expected to reach Philadelphia to day and tomorrow, in time for the opening of the Twelfth International Congress of Navigation, on Thursday. In accordance with the arrangement of the local committee in charge of the congress the greater part of tomorrow will be devoted to a general reception and mutual introduction of the delegates. The congress will hold its first general meeting at the Metropolitan Opera house on Thursday and it is expected that President Taft, who has accepted the honorary presidency and has promised to attend the opening session, will deliver the opening address. Response will be made by M. Alexis Dufouray of Brussels, a high officer of the Belgian Engineer Corps, who is one of the former presidents of the International Congress.

This will be the first time that one of these congresses is held in the United States. Previous congresses have all been held in Europe, the last at St. Petersburg in 1908. Preceding this there were similar congresses at intervals of three or four years in Belgium, France, Italy, England, Germany, Holland and Austria. With each congress interest and attendance increased as the nations realized the valuable work being done. The discussions and conclusions of these gatherings form the best existing guide for all navigation problems that may arise, because they represent the world's best experience and the consensus of opinion of the greatest experts.

PENNSYLVANIA I. O. O. F.

Reading, Pa., May 21.—Hundreds of members of the Independent Order of Odd Fellows are here from every part of the State for the annual meeting of the Pennsylvania grand lodge. Beginning with the formal opening to day the sessions will continue until Thursday, Grand Master W. Oscar Miller of this city is presiding.

CIRCUS MEN DIE.

Boone, Iowa, May 21.—Two deaths marked the visit of a circus here to day. James Wells, a negro at-tache, fell under the train and died from injuries. H. F. Gerken, a brakeman, died from hemorrhage of the brain in the main tent during the afternoon performance.

HELD ANNUAL PICNIC.

The high school girls of the State School for the Blind held their annual picnic Tuesday afternoon and evening at Nichols park. They were chaperoned by a number of the high school teachers and the afternoon proved a most pleasant one.

THE WEATHER.

The temperature on Tuesday, according to G. H. Hall of Alexander, was, maximum 82 and minimum 60.

There are people in this town who undistinctly neglect a "mere cold" although they would not otherwise expose their children or themselves to danger. Yet a cold neglected may develop into contagious diphtheria, bronchitis or pneumonia. Use Foley's Honey and Tar Compound promptly for its stops coughs quickly and cures colds. It contains no opiates and is safe for children. City Drug store, J. A. Obermeyer.

EVIDENCE IN LUMBER TRUST.
CHICAGO, May 21.—Taking of evidence was begun to day in the prosecution of the Northwestern Association of Retail Lumber Dealers, the alleged "lumber trust." Suit for injunction was filed by the government several months ago to restrain the organization for alleged restraint of trade.

Government counsel first took up the examination of correspondence between secretaries of the lumber organizations. The government is represented by Clark McCrehner, special assistant to the attorney general, and Frank H. Watson, special counsel of Detroit. Milton Purdy of Minneapolis represents the lumber dealers.

Grain Letter.
Chicago, May 21.—Wheat—Investment demand better, bear pressure had less effect. More strength in coarse grain was an influence. May appeared oversold with holding interest not easily dislodged. Soft winter wheat damage is being fully confirmed by later advices, but the greening up of many fields, possibly due to weed and grass growth, brings in good reports. Spring wheat news is good and the loss in area is temporarily lost sight of. Market shows a tendency to become dull and will likely be of a scalp variety. Under conditions are bullish. The investor who takes advantage of the breaks should have profitable returns.

Corn—Shows more strength. Unsatisfactory weather conditions, which delay farm work and prevent planting cause apprehension that the prospective large acreage may not be seeded. With favorable weather there is time to plant corn, but delay will cause increase in the apprehension as to results. May is again conceded. Holdings remaining are principally large ones which can be only satisfied by delivery or settlement. We consider the short side of May very dangerous, even though we feel certain commercially it is not worth May price. Pit conditions surrounding May will dominate and cause many sharp rallies in futures.

Oats—Further scattered liquidation depressed prices temporarily. Cash interests and eastern distributors were liberal buyers. This market is heavily overbid and the many bull influences, which were effective in causing the recent sharp advance, are still operative. Supplies of old oats at country points are practically exhausted. Consumption, through pressure of farm work and the prohibitive price of hay is extremely heavy. No important movement of oats can be expected until the new crop is available, which will not be until late. Present future price will not net a satisfactory price to the farmer and movement will probably be slow. Bulls have been demoralized by the severe break and it may take time for the market to recover, but conditions surely point to higher price as the season advances. Crop reports from reliable sources are not good.

Provisions—Light receipts of hogs were instrumental in causing a sharp recovery in values.
